

In the claims:

1-4. (withdrawn)

5. (currently amended): A zinc finger complex, comprising ~~two or more fusion~~ multiple zinc finger proteins, each ~~fusion protein comprising a~~ zinc finger protein comprising a plurality of zinc finger components and a dimerizing peptide linker, wherein the ~~fusion zinc finger~~ proteins are joined to each other by specific binding of the dimerizing peptide linkers, and wherein the dimerizing peptide linkers are nonnaturally occurring peptides of about 8 to 25 amino acids in length.

6. (currently amended): The zinc finger complex of claim 5, wherein the peptide linker of each zinc finger ~~fusion~~ protein is the same.

7-19. (withdrawn)

20. (Amended) The zinc finger complex of claim 5, wherein ~~the zinc finger protein of each fusion~~ each zinc finger protein has the same sequence.
